

Conference Proceedings Instructions

1. Manuscript

Manuscripts must be unpublished. The title page must include an abstract that is no longer than 200 words, key words, and full contact information for all authors must also be provided on a separate page. References must strictly meet the given style requirements.

2. Abbreviations

Any word or words to be abbreviated should be written in full when first mentioned followed by the abbreviation in parenthesis.

3. Illustrations

All illustrations of any kind should be submitted as sequentially numbered figures, illustrations should be inserted in the main body of the text.

4. Tables and Supplementary Material

Data must be kept to a minimum. Tables should be numbered and headed with short titles. As with illustrations, they should insert in the main manuscript text.

5. Acknowledgements

Acknowledgements should appear at the end of the text.

6. References

References must be listed at the end of the manuscript and numbered in the order that they appear in the text. Every reference referred in the text must also present the reference list and vice versa. In the text, citations should be indicated by the reference number in brackets [1].
